EDUCATION

Sri Shakthi Institute of Engineering and Technology <i>B.E Computer Science and Engineering – CGPA – 8.6</i>	2023 – 2027
Alvernia Matriculation Higher Secondary School <i>Higher Secondary Certificate – 85.33%</i> <i>Secondary School Leaving Certificate – 100%</i>	2021 - 2023

SKILLS

Languages: Python, SQL, DAX, HTML, CSS, JavaScript, React.js.

Tools: MS Excel, Power BI, VS Code, Anaconda, PyCharm, SQL Workbench.

Data Stack: MySQL, Pandas, NumPy, Matplotlib, Seaborn.

Cloud Computing: AWS (EC2 – virtual servers, S3 – object storage, VPC – networking).

Soft Skills: Problem Solving, Cross-functional Communication, Project Management.

PROFESSIONAL EXPERIENCE

Full-Stack Developer Intern App Innovation Technologies 	June 2025
- Engineered full-stack e-commerce application using MERN stack with 5+ product filtering features, shopping cart, Wishlist, and OAuth authentication. - Implemented 10+ RESTful APIs and responsive React components, reducing page load time by 40% through optimized state management. - Managed complete user session workflows and order processing pipelines, ensuring zero data loss.	
Deloitte Virtual Internship 	Dec 2025
- Analyzed IIoT telemetry data from 4 manufacturing facilities across 2000+ data points, identifying 3 critical high-downtime locations. - Constructed interactive Tableau dashboards with 8+ calculated fields for downtime estimation, enabling 25% improvement in maintenance scheduling. - Identified device-level failure patterns for 50+ machines, supporting predictive maintenance strategy.	

PROJECTS

Mortgage Portfolio Performance Analyzer	Feb 2026
<i>Python Pandas NumPy Seaborn Matplotlib SQL Power BI</i> 	
- Processed and analyzed 255,000+ loan records to identify default trends and high-risk borrower segments. - Engineered 5 derived features (Risk Category, Income Group, LTV, DTI Segments) using risk assessment criteria. - Visualized correlation patterns across 8+ variables, delivering 3 actionable lending recommendations.	
Book Nest <i>HTML CSS JavaScript Bootstrap MERN</i> 	Oct 2025
- Created full-stack application supporting 15+ CRUD operations with secure JWT authentication. - Built responsive UI components achieving 98% cross-browser compatibility. - Integrated form validation and error handling, reducing user submission errors by 85%.	
Personal Contact Management System <i>Python OOP Data Structures</i> 	Nov 2025
- Designed a structured contact data management system with O(1) search optimization using dictionary-based storage. - Implemented comprehensive CRUD operations and advanced data organization patterns.	

ACHIEVEMENTS & CERTIFICATIONS

- Secured 3rd place at Tech Vision'26, a national-level project expo at CMRIT, Bengaluru – [Smart Campus](#)
- Python for Data Science – [NPTEL](#)
- Pixel to Prototype – [Kriya \(PSG Tech\)](#)
- 15 Days of SQL: The Complete SQL Masterclass - [Udemy](#)
